Re: May 27, 2015 60-Day Notice of Intent to File Suit  
240 Chicopee Street, LLC

Dear Ms. Chorover:

This is to respond on behalf of Ted Ondrick Company and 240 Chicopee, LLC to your May 27, 2015 letter on behalf of Clean Water Action.

Field investigation has confirmed that there is no discharge to the waters of the United States subject to the Multi-Sector General Permit at or from the Chicopee Street facility in Granby, MA. We are pleased to report this condition to you within the 60-Day Notice period.

Please refer to the attached report confirming the foregoing.

As you know, in the absence of on-going violation, there is no basis for suit against Ted Ondrick Company or 240 Chicopee, LLC.

Very truly yours,

  
Christopher B. Myhrum

Re: Ted Ondrick Company  
240 Chicopee Street  
Granby, MA

Dear Mr. Myhrum:

On Monday, July 20, 2015, I visited the Ted Ondrick Company quarry at 240 Chicopee St., Granby, Massachusetts (the Site). The purpose of the site visit was to assess the Site's compliance with the Multi Sector General Permit, which is regulated by the Environmental Protection Agency under Section 402 of the federal Clean Water Act.

I reviewed the perimeter of the Site and found no open channel or other conveyance for storm water to discharge storm water from the Site to adjacent Waters of the United States or wetlands. Therefore, at the time of my site review, the management of storm water and process water appears to be contained within the working portion of the Site.

Please do not hesitate to contact me if you have any questions.

Very Truly Yours,  
GZA GEOENVIRONMENTAL, INC.
